Objective

Aspiring software developer and MCA candidate with strong skills in Java, Python, C/C++, Data Structures, OS, DBMS and Web Development. Experienced in building scalable AI-driven applications. Seeking a challenging role to contribute to innovative product development in a tech-focused environment.

Education

Sharda University

Masters Of Computer Application — CGPA:9.1

Aug. 2024- May 2026

Greater Noida, Uttar Pradesh

CSJM University

Bachelor Of Science — CGPA-8.11

July. 2021 – May 2024

Kanpur , Uttar Pradesh

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Artificial Intelligence
- Systems Programming
- Software Methodology
- Database Management
- Internet Technology
- Computer Architecture

Projects

Virtual AI Assistant | *Python, Flask, HTML, CSS, JavaScript, RESTful APIs, Speech Recognition* **January 2025**

- Built an AI assistant with voice recognition and intelligent responses using Python.
- Developed a responsive web interface with React, integrating RESTful APIs for real-time interaction.
- Added speech-to-text, user auth, and modular design for scalability across devices.

Domino's Clone Website | *: HTML, CSS, JavaScript, Python, Database* **July 2025**

- Developed a fully functional pizza ordering platform inspired by Domino's, featuring dynamic menu display, cart management, and order tracking.
- Integrated backend with a custom database for order storage and retrieval, ensuring a smooth, real-world-like ordering experience.

AI-Driven Business Automation Agent | *Python, LLM APIs, Workflow Automation, Databases* **January 2026**

- Built an agentic AI-based automation system to execute business workflows using LLM-driven decision-making.
- Implemented data ingestion, validation, and processing pipelines ensuring high-quality automated outputs.
- Integrated APIs and databases for scalable and reliable real-time automation.

Technical Skills

Languages: Python, Java, C, C++, C sharp, Asp.net, HTML/CSS, JavaScript, SQL, BootStrap

Core Concept: Data Structures, OOP, DBMS, OS, Computer Architecture, AI/LLM Fundamentals, Data Cleaning and Preprocessing

Developer Tools: VS Code, Eclipse, Google Cloud Platform, Android Studio, Power BI

Technologies/Frameworks: Linux, GitHub, JUnit

Certification

Certification of Data Structure and Algorithm **March 2025**

SIMPLI LEARN

Certification of Kotlin **March 2025**

AINWIK INFOTECH

Certification of C Programming Language **November 2024**

GREAT LEARNING ACADEMY

Certification of Ai Basic **April 2024**

HP LIFE

Certification of Java Programming Language **June 2022**

CSJM UNIVERSITY KANPUR

Activities and Interests

- Passionate about web development and design, constantly learning and building creative projects.
- Avid reader of manga, with anime and music as sources of inspiration.
- Balance technical growth with creative hobbies to stay motivated and well-rounded.
